RSD Adventures in Education presents

SIGNMARK

Thursday, October 13, 2011

featuring Marko "Signmark" Vuorheimo

Signmark is a deaf recording artist from Finland with a mission to bring deaf and hearing communities together around the world. He performs with hip-hop artist Brandon, who lends his voice for hearing audiences.

Signmark is living proof that all things are possible. In 2006 he became the first deaf person in the world to land a recording contract. He also has a book written about him, was a finalist in the National Eurovision Song Competition, was named The Outstanding Young Person of the World in 2009, and recently released his second album.

Signmark's multimedia presentation at RSD will include signed and sung performances (ASL and English) as well reflections on his travels throughout the world as an advocate for the rights and cultures of people who are Deaf and hard of hearing.
